Dear Ms. Raval,

We have prepared your 2024 personal Income Tax and Benefit Return and have transmitted it to the Canada Revenue Agency (CRA) using the EFILE system on April 8, 2025. Please keep this confirmation number and DCN for your records: **KC77K35E - AI37524RPGD96**

Your federal tax return shows a refund of $112.13.

Your return has been prepared based on the information you provided. Keep all information slips, receipts, and other documents for six years, in case the CRA asks to see them.

In the unlikely event that you receive any new information slips that show unreported income, please ask us to adjust your tax return as soon as possible, to minimize any penalties and interest. After the first omission, income not reported by you may be subject to a 20% penalty, even if no extra tax is due.

Disposition of a principal residence

We confirm that you did not sell or dispose of your principal residence during 2024. All taxpayers who sell or dispose of their home must report the disposition on their tax return, even if it was their principal residence for the whole time they owned it. If you sold or disposed of your home in 2024, please notify our office immediately, for failure to disclose this information could result in a penalty.

No foreign property

We confirm that you did not hold foreign property at any time in 2024 with a **cost greater than $100,000 CAD**. If you did hold foreign property with a cost greater than $100,000 CAD, please notify our office immediately, as failure to disclose this information could result in a penalty.

Underused Housing Tax (UHT)

Based on the information you provided, we have determined you are not required to file an Underused Housing Tax (UHT) return this year. If your property ownership changes in the future, please let us know, and we will reassess your filing obligations.

Tuition amounts

You have unused federal tuition amounts of $17,600.00 to carry forward to next year. Please confirm the amount with your notice of assessment when received and advise us of any differences.

RRSP deduction limit

According to our records, your RRSP deduction limit for 2025 is $836. When you receive your notice of assessment from the CRA, please compare this amount to what is reported by the CRA and notify us if there is a difference.

If the client is entitled to any element for any of the 4 payment dates, the calculation of the Estimated maximum annual credit, above, includes the element for the full year. The Quarterly payments table adjusts for those to which they would not be entitled for that particular date due to their age (under 19) or that of their children (19 on the first day of the payment month).

Trillium Ontario Trillium benefit

Estimates of 2025 / 2026 payments

Use this worksheet to calculate the Ontario Trillium benefit estimate. The Ontario Trillium benefit combines the Ontario Sales Tax Credit (OSTC), the Ontario Energy and Property Tax Credit (OEPTC) and the Northern Ontario Energy Credit (NOEC) into one monthly payment. The OEPTC may be reduced by the Ontario Senior Homeowners' Property Tax Grant (OSHPTG).

Note: To apply for the OEPTC, NOEC and OSHPTC, complete form ON-BEN.

If box 61080 is ticked on form ON-BEN and the client has qualified dependants, account for them in the determination of the base amount for OEPTC and NOEC for: .... Hardee Manishkumar

If the client is married or living common-law, this credit will be issued to the spouse or common-law partner whose return is assessed first (regardless of which spouse/partner applied for the OEPTC or NOEC).

Note: The calculations, above, are based on the information provided in the client's tax return and our interpretation of current legislation. CRA will calculate the determination of benefits in July 2025 with the information they have on file at that time and will make adjustments to subsequent payments to account for any new information the client provides.

If the client is entitled to any element for any of the 12 payment dates, the calculation of the Estimated maximum annual benefit, above, includes the element for the full year. The Monthly payments table adjusts for those to which they would not be entitled for that particular date due to their age (under 19 for the sales tax credit, under 18 for others) or that of their children (19 on the first day of the payment month for the sales tax credit).

* If the total Trillium benefit for the year to which the client is entitled is $2 or less, no payment will be received. If that total is greater than $2 but less than $10, a single payment of $10 will be received. If that total does not exceed $360, a single lump-sum payment will be received. Otherwise, unless the client elects to receive a single payment in June 2026, monthly payments will be received.

T1-2024

Canada Pension Plan Contributions and Overpayment

Schedule 8

Protected B when completed

The Canada Pension Plan (CPP) was amended to provide for the enhancement of pensions. The enhancements are funded by additional contributions that began in January 2019.

As of January 2024, a second additional CPP contribution is required on pensionable earnings that are **more than** the year's maximum pensionable earnings but **not more than** the year's additional maximum pensionable earnings.

CPP contributions consist of a base amount, first additional amount and second additional amount. The contributions that you are required to make are determined by your total amount of pensionable earnings for the year.

Your employer will have already deducted the contributions from your salary or wages. As a self-employed individual, you will calculate your required contributions (if any), including the base, first and second additional amounts, on this schedule.

For more information about the enhancements, go to **canada.ca/cpp-enhancement**.

For more information about lines 22200, 22215, 30800 and 31000, go to **canada.ca/fed-tax-information**.

Find out if this schedule is for you

Complete this schedule to calculate your required 2024 CPP contributions and overpayment if **both** of the following apply:

- You were a resident of a province or territory **other than Quebec** on December 31, 2024
- You have **no earned income** from the province of Quebec.

Attach a copy of this schedule to your paper return.

Do **not** complete this schedule if any of your T4 slips show Quebec Pension Plan (QPP) contributions.
Instead, complete Form RC381, Inter-Provincial Calculation for CPP and QPP Contributions and Overpayments.

Parts you have to complete

Part 1 – Complete this part if you are:
- **electing to stop** contributing to the CPP
- **revoking** a prior election.

If not, leave it blank.

Part 2 – Complete this part to determine the number of months to use for your calculations in Parts 3 to 5 (whichever apply to you).

Part 3 – Complete this part if you are reporting employment income. If not, leave it blank.

Part 4 – Complete this part if you are reporting **only** self-employment income or other earnings you are electing to pay CPP contributions on. If not, leave it blank.

Part 5 – Complete this part if you are reporting **both**:
- employment income (complete Part 3 first)
- self-employment income or other earnings on which you are electing to pay CPP contributions.

If not, leave it blank.

Part 1 – Election to stop contributing to the CPP or revocation of a prior election

You were considered a CPP working beneficiary and were required to make CPP contributions in 2024 if you met **all** of the following conditions:

- You were 60 to 70 years of age
- You received a CPP or QPP retirement pension
- You had employment income or self-employment income, or both.

However, if you were **at least 65 years of age, but under 70 years of age**, you can elect to stop paying CPP contributions.

Employment income

If you had employment income for 2024 and elected in 2024 to stop paying CPP contributions or revoked in 2024 an election made in a previous year, you should have already completed and sent Form CPT30, Election to Stop Contributing to the Canada Pension Plan or Revocation of a Prior Election, to the Canada Revenue Agency (CRA) and your employer(s).

Self-employment income only

If you had **only** self-employment income for 2024 and are electing in 2024 to **stop** paying CPP contributions on your self-employment earnings, enter the month in 2024 that you are choosing to start this election on line 50372 below. The date **cannot** be earlier than the month you turned 65 years of age and received a CPP or QPP retirement pension. For example, if you turned 65 in June, you can choose any month from June to December. If you choose the month of June, enter "06" on line 50372.

If, in 2024, you are **revoking** an election made in a previous year on contributions on self-employment earnings, enter the month in 2024 that you are choosing to revoke this election on line 50374 below. Your election remains valid until you revoke it or turn 70 years of age. If you start receiving employment income (other than employment income earned in Quebec) in a future year, you will need to complete Form CPT30 in that year for your election to remain valid.

Employment and self-employment income

If you had **both** employment income and self-employment income in 2024 and wanted to elect to **stop** paying CPP contributions in 2024 or **revoke**, in 2024, an election made in a previous year, you should have completed Form CPT30 in 2024. An election made using Form CPT30 applies to all income from pensionable earnings, including self-employment earnings, as of the first day of the month after the date you gave this form to your employer.

If you completed and sent Form CPT30 when you became employed in 2024, but your intent was to elect in 2024 to stop paying CPP contributions or revoke an election made in a previous year on your self-employment income before you became employed, enter the month you want to stop paying CPP contributions on line 50372.

If you want to revoke, in 2024, an election made in a previous year, enter the month that you want to resume contributing to the CPP on line 50374.

If you did **not** complete and send Form CPT30 for 2024 when you became employed, you cannot elect to stop paying CPP contributions or revoke an election made in a previous year on your self-employment earnings for 2024 on this schedule.

Election or revocation

If you had self-employment income in 2024, an election or a revocation that begins in 2024 must be made **on or before June 15, 2026,** to be valid.
